YOUNG INVESTIGATORS AWARD

One interesting case will be selected for this award from the total case submissions received by the Scientific Committee.

Key information:

1. Presenter is entitled to reduced registration fee of Rs 7000 + Rs 1260 Goods and Services Tax, **Total = Rs 8260.**
2. Presenter must pre-register for the Congress. In case the paper is not accepted for presentation, then the full amount will be refunded
3. Abstract of the presentation must be submitted latest by July 31, 2017.
4. Presenter of selected case will be intimated by August 15, 2017.

Selection Criteria:

1. Age of the presenter should be below 35 years as on date of presentation of case (October 8, 2017)
2. Minimum Qualification for the presenter is a post graduate degree - DM (Cardiology), DNB (Cardiology), MD/DNB (Medicine/Pediatrics/Critical Care), MCH/DNB (Cardiothoracic surgery), Cardiac Anesthetists, MRCP/FRCP/American Board Certified Cardiologist, and PGDCC.
3. Medical students pursuing their **first** Post-Graduation Degree should not submit cases for this Award.
4. The presenter should be a registered medical practitioner specializing and practicing in any of the medical super specialties with a valid license issued by MCI
5. The presenter or his institutional Head of Department should be a Life Member of IAE
6. The research material should be an original investigation conducted by the presenter.
7. The material should not have been presented at any other conference / meeting or published in an academic journal / professional websites.
8. Presenter has to submit a certificate endorsing all stated above issued by their institutional Head of Department.

Award Benefits:

1. The winner will receive a **certificate, a medal and complimentary registration** during the next annual IAE conference at **Chennai during 2018.**
2. IAE will facilitate the winner for placement / Internship in a reputed foreign echo lab in USA / Europe to pursue their research interest for a period of three months.

Presentation format:

- CD format with selected sequences for presentation in AVI format only.
- There should not be more than 6-8 sequences, if possible during case presentation.
- Minimum number of slides should be used for a short case summary with salient features in clinical history with only positive relevant investigations
- Relevant ECG, X-ray and other investigation etc should be included.
- A take home message from the research study, including technical tips, would be essential for acceptance of the presentation.

Criteria for Selection:

The scientific committee will score the presentation on the following criteria:

- | | |
|-----------------------------------|----------------------------------------------------------------------|
| i) Teaching message. | iv) Rarity of the study. |
| ii) Any learning tip. | v) Any unanswered question of the presenter for judge's interaction. |
| iii) Originality of the research. | |

Duration of Presentation:

Allocated oral presentation time is **8 (Eight)** minutes followed by **2 (Two)** minutes for discussion by judges. Completing the presentation within the allotted time frame will also be a criterion for adjudging the winner.
